10. The Chairperson of the meeting of Government Legal Experts, Mr. Charles Tchatchouang presented the Report of the meeting that took place from 6 to 14 May 2014. He concluded his presentation by highlighting the major conclusions and recommendations, which were being submitted for consideration by the Ministerial Session of the STC on Justice and Legal Affairs.

11. Following this presentation, the following comments and observations were made:

- i) The Sudan removed its reservation on Paragraph 77 of the Report of Government Legal Experts which it previously entered in regard to Article 28(E) (3) of the Draft Protocol on the Statute of the African Court of Justice and Human Rights relating to the phenomenon of popular uprising;

- ii) The Date of the Meeting of the Conference of Ministers of ICT must be reflected in Paragraph 63 of the Report of Government Legal Experts;
- iii) Paragraph 74 of the English version of the Report of Legal Experts relating to the proposal from the Working group on looking at the phenomenon of popular uprisings should be aligned with the French version which gives wider interpretation than the English one;
- iv) Paragraph 25 of the Report of Experts Meeting should be amended in order to reflect properly the proposal of the President of the Republic of Senegal on the establishment of a Supreme Council of Local Communities which was approved in principle and endorsed by the Assembly of the Union in January 2013.

12. Following the observations and comments, the Ministerial Session of the STC on Justice and Legal Affairs took note of the Report of Government Legal Experts Meeting.

VIII. CONSIDERATION OF THE DRAFT AFRICAN UNION CONVENTION ON CROSS-BORDER COOPERATION (NIAMEY CONVENTION)

13. The Legal Counsel presented the Draft Convention on Cross-Border Cooperation (Niamey Convention). Following this presentation, the meeting considered the Draft Convention.

14. At the end of its deliberations, the meeting adopted the Draft Convention without amendments and recommended it for consideration by the Assembly through the Executive Council.

IX. CONSIDERATION OF THE DRAFT AFRICAN CHARTER ON THE VALUES AND PRINCIPLES OF DECENTRALIZATION, LOCAL GOVERNANCE AND LOCAL DEVELOPMENT

15. The Legal Counsel presented the Draft African Charter on the Values and Principles of Decentralization, Local Governance and Local Development.

16. Following this presentation, the meeting considered and adopted the Draft Charter and recommended it for consideration by the Assembly through the Executive Council.

X. CONSIDERATION OF THE DRAFT PROTOCOL AND DRAFT STATUTE ON THE ESTABLISHMENT OF THE AFRICAN MONETARY FUND

17. The Legal Counsel presented the Draft Protocol and draft Statute on the Establishment of the African Monetary Fund.

18. Following this presentation, the meeting considered and adopted the Draft Protocol and draft Statute on the Establishment of the African Monetary Fund and recommended it for consideration by the Assembly through the Executive Council.

XI. CONSIDERATION OF THE DRAFT AFRICAN UNION CONVENTION ON CYBERSECURITY AND PERSONAL DATA PROTECTION

19. The Legal Counsel presented the Draft African Union Convention on Cyber-security and Personal Data Protection.

20. Following the presentation, the meeting considered and adopted the Draft Convention and recommended it for consideration by the Assembly through the Executive Council

XII. CONSIDERATION OF THE DRAFT PROTOCOL ON AMENDMENTS TO THE PROTOCOL ON THE STATUTE OF THE AFRICAN COURT OF JUSTICE AND HUMAN RIGHTS

21. In introducing the Draft Protocol on Amendments to the Protocol of the African Court of Justice and Human and Peoples' Rights, the Legal Counsel highlighted the two outstanding Articles to be considered by the meeting, namely Article 28 E and 46A *Bis*, as well as the minor technical improvements that the Commission had made to the Draft Protocol and Statute, which had been endorsed by the Meeting of Experts.

Consideration of Article 28E – The Crime of Unconstitutional Change of Government

22. After the presentation, the meeting made the following observations and comments:

- i) Some Delegations raised concerns regarding including the phenomenon of “popular uprising” in the draft Protocol when it had not yet been defined by the Peace and Security Council. Other Delegations observed it was precisely because the Peace and Security Council had not defined the phenomenon that such a provision was required;
- ii) The proposed paragraph (3) should therefore be deleted in view of a lack of consensus on the need to have the provision in the Draft Protocol.

23. After extensive deliberations, and because of the lack of a consensus on the what constituted the phenomenon of popular uprising within the context of unconstitutional changes of government, the meeting agreed to delete paragraph (3) until the Peace and Security Council had defined “popular uprising” in the context of unconstitutional changes of government and the said definition had been endorsed by the Assembly. The meeting encouraged the Peace and Security Council to take urgent measures to define popular uprising within the context of unconstitutional changes of government.

Consideration of Article 46A *bis* – Immunities

24. The Legal Counsel presented Article 46A *Bis* relating to Immunities and explained that, pursuant to the relevant Assembly Decisions, this Article was introduced in order to address the categories of individuals who should be covered by immunities while serving their tenure.

25. During the consideration of Article 46A *Bis* of the Draft Protocol, delegations raised concerns regarding extension of immunities to senior state officials and its conformity with international law, domestic laws of Member States and jurisprudence, underlining the challenges inherent in widening immunities, and especially considering the lack of a precise definition of “*senior state official*”, as well as the difficulty in providing an exhaustive list of persons who should be included in the category of senior state officials.

26. After exhaustive deliberations, taking into consideration the relevant Decisions of the Assembly of the Union, and appreciating that some senior state officials are entitled to functional immunities by virtue of their functions, the meeting resolved that Article 46 A *Bis* should include the provision “senior state officials based on their functions.” The meeting further resolved that interpretation of “senior state official” would be determined by the Court, on a case-by-case basis taking their functions into account in accordance with international law. Thus, the revised text of Article 46A *bis* reads as follows:

Article 46A bis

“No charges shall be commenced or continued before the Court against any serving African Union Head of State or Government, or anybody acting or entitled to act in such capacity, or other senior state officials based on their functions, during their tenure of office”.

27. At the end of the deliberations, the STC on Justice and Legal Affairs adopted the draft Protocol on the Statute of the African Court of Justice and Human and Peoples’ Rights and recommended it for consideration by the Assembly through the Executive Council.

XIII. CONSIDERATION OF THE DRAFT PROTOCOL TO THE CONSTITUTIVE ACT OF THE AFRICAN UNION ON THE PAN-AFRICAN PARLIAMENT

28. The Legal Counsel presented the Draft Protocol to the Constitutive Act of the African Union on the Pan-African Parliament (PAP) and pointed out to the meeting that its mandate is limited to looking at Article 8(1)(a) and 8(2) in accordance with the decision of the policy organs which called for more consultations on the legislative and oversight powers of the PAP taking into account the current level of integration of the continent.

29. Following the presentation, the Ministerial Meeting made observations and comments as follows:

- i. There is a need to take into account the reality of the continent and the integration objectives of the Union;
- ii. The PAP should continue to exercise consultative and advisory powers for the time being;
- iii. There ought to be more confidence in PAP as a result of which it should be granted power to legislate for the Union;
- iv. There may be a need to articulate the legislative power in the Preamble of the Draft Protocol;
- v. The payment of the members of PAP should be the responsibility of the Union and not the individual States Parties.;

30. The Legal Counsel made clarifications as follows:

- a. The existing Protocol on PAP, in its Article 11, envisages legislative power to be determined by the Assembly; however, the PAP currently only has consultative and advisory powers, which was limited to the first Parliament;
- b. That while legislative power is not mentioned in the Preamble, it is provided for in Article 11 of the existing Protocol and in Article 8 of the Draft Protocol under consideration;
- c. The Draft Protocol aims to begin the incremental realization of the legislative power of the PAP but within the confines of the Assembly's authorization on the areas that the PAP may legislate or propose model laws;
- d. That the current revision of the Draft Protocol has removed the contention about the oversight powers of the PAP with regards to other organs of the Union.
- e. That the legislative power envisaged for the PAP under the Draft Protocol is one to be determined by the Assembly only and thus would not be controversial or aimed at eroding the sovereignty of any AU Member State.

31. At the end of its deliberations on the envisaged legislative power of the PAP, the Ministerial Meeting adopted the Draft Protocol to the Constitutive Act of the African Union on the Pan-African Parliament (PAP), paying particular attention to Article 8 (1)(a) and 8(2) as revised. The meeting agreed that the PAP may exercise limited legislative powers or propose model laws on the subjects/areas that the Assembly shall determine. The meeting agreed on the amendment of Article 8 as follows:

**“Article 8
Functions and Powers**

1. ***The Pan African Parliament shall be the legislative organ of the African Union. In this regard:***
 - a) ***The Assembly shall determine the subjects/areas on which the Pan African Parliament may legislate or propose draft model laws;***
 - b) ***The Pan African Parliament may on its own make proposals on the subjects/areas on which it may legislate, submit or recommend draft Model Laws to the Assembly for its consideration and approval”.***
2. ***The Pan African Parliament shall also:***
 - a) ***Receive and consider reports of other organs of the African Union as may be referred to it by the Council or the Assembly, including audit and other reports and make recommendations thereon;***
 - b) ***Debate and discuss its own budget and the budget of the Union and make recommendations thereon to the relevant policy organs;***
 - c) ***Establish any Parliamentary Committee and determine its functions, mandate, composition and term of office;***
 - d) ***Discuss any matter relevant to the African Union and make recommendations to the Council or the Assembly as it may deem appropriate;***
 - e) ***Make proposals to the Council on the structure of the Secretariat of the Parliament taking into account its needs;***
 - f) ***Request the attendance of officials of the other organs of the African Union at its sessions to offer assistance to the Parliament in the discharge of its duties;***
 - g) ***Promote the programmes and objectives of the African Union in Member States;***
 - h) ***Receive, consider and submit opinions on draft legal instruments, treaties and other international agreements as may be referred to it by the Council or Assembly;***

i) Liaise with National Parliaments or other deliberative bodies and the Parliaments of the Regional Economic Communities on all matters relating to the African Union and regional integration in Africa

j) Carry out such other activities as it deems appropriate to achieve the objectives set out in Article 3 of this Protocol.”

33. At the end of its deliberations, the meeting adopted the Draft Rules of Procedure of the Specialized Technical Committee (STC) on Justice and Legal Affairs without amendments and recommended it for approval by the Executive Council.

XV. CONSIDERATION OF THE DRAFT AFRICAN MODEL LAW ON BIOSAFETY

34. The Legal Counsel presented the Draft the African Draft Model Law on Biosafety.

35. Following this presentation, the Ministerial Session considered and adopted the African Draft Model Law on Biosafety..

XVI. ADOPTION OF THE DRAFT LEGAL INSTRUMENTS AND THE REPORT

36. The Ministerial Session of the STC on Justice and Legal Affairs adopted the eight draft legal instruments and recommended them for consideration by the Assembly through the Executive Council. The meeting stressed the need for legal instruments to be prepared in legally appropriate language and requested the Commission to review the wording of some of the draft legal instruments to ensure that they read well and are properly aligned across the four working languages of the Union.

37. Following the adoption of the Draft Legal Instruments, the Meeting recommended that the human and financial resources of the Office of the Legal Counsel of the AU Commission should be strengthened in order for it to carry out its functions with respect to the operationalization of the STC on Justice and Legal Affairs.

This shall not be the amount that is required to be paid by the State Party to the Fund but represents the commitment of the State Party to avail the Fund of any proportion of such amount as at when requested.

1.3. Callable Share Capital

The callable capital is that portion of subscribed capital subject to call by the Fund only as and when required to meet its obligation. In the event of a call, payment shall be made by the State Party to the Fund to enable it discharge the obligation for which the call is made.

1.4. Paid-up Share Capital

The paid-up capital of the Fund shall be the amount that is required to be paid by State Parties to be shareholders of the Fund and to enable the Fund carry out its activities.

B. Definition of Variables**1.5. Total External Debt**

Total external debt is debt owed to non-residents repayable in foreign currency, goods, or services. Total external debt is the sum of public, publicly guaranteed, and private nonguaranteed long-term debt, use of IMF credit, and short-term debt. Short-term debt includes all debt having an original maturity of one year or less and interest in arrears on long-term debt. Data are in current U.S. dollars.

1.6. Total External Reserves (includes gold, current US\$)

Total reserves comprise holdings of monetary gold, special drawing rights, reserves of IMF members held by the IMF, and holdings of foreign exchange under the control of monetary authorities. The gold component of these reserves is valued at year-end (December 31) London prices. Data are in current U.S. dollars.

1.7. GDP

GDP at purchaser's prices is the sum of gross value added by all resident producers in the economy plus any product taxes and minus any subsidies not included in the value of the products. It is calculated without making deductions for depreciation of fabricated assets or for depletion and degradation of natural resources. Data are in current U.S. dollars. Dollar figures for GDP are converted from domestic currencies using single year official exchange rates. For a few countries where the official exchange rate does not reflect the rate effectively applied to actual foreign exchange transactions, an alternative conversion factor is used.

1.8. Balance of Payment

Current account balance is the sum of net exports of goods, services, net income, and net current transfers. Data are in current U.S. dollars.

1.9. Population

Total population is based on the de facto definition of population, which counts all residents regardless of legal status or citizenship--except for refugees not permanently settled in the country of asylum, who are generally considered part of the population of their country of origin. The values shown are midyear estimates. All series are averaged (annually) over the considered period.

C. Capital Subscription Calculation

The shares of Capital subscriptions for the AMF are determined using the following procedures:

1. For each State Party, the **share of capital subscription (Scs_i)** is determined taking into account the GDP and Population of the State Party using the following formula:

$$Scs_i = 100 * \left[0.5 * GDP_i / \sum_{j=1}^n GDP_j + 0.5 * Pop_i / \sum_{j=1}^n Pop_j \right]$$

considering that the weight allocated to each variable is summed-up to 100 per cent.

2. The Capital Subscription (CS) of the Fund is determined as a percentage (p_1) of the Authorized Capital (AC) as followed: $CS = p_1 * AC$
This percentage (p_1) is assumed varying from 75% - Low hypothesis – to 100% - High hypothesis.
3. For each State Party, the Capital Subscription is determined as followed:
 $CS_i = SCS_i * p * AC$
4. The **Authorized Capital (AC)** is determined as a percentage of an estimate of the annual average of BOP deficit balances over a period – in current prices US\$ of all member states of the African Union. This percentage is assumed varying from 75% - Low hypothesis – to 100% - High hypothesis.
5. The **Callable Capital(CC)** is determined as a percentage (p_2) of the Capital Subscription. This percentage (p_2) is assumed varying from 50% - Low hypothesis – to 75% - High hypothesis.
For each State party, the Callable Capital is determined using the following formula:
 $CC_i = p_2 * CS_i$
6. The **Paid-up Capital (PC)** is then determined as a percentage (p_3) of an estimate of the Callable Capital. This percentage (p_3) is assumed varying from 50% - Low hypothesis – to 75% - High hypothesis.
For each State party, the Paid-up Capital is determined using the following formula:
 $PC_i = p_3 * CC_i$

The above procedure is followed in order to reduce the degree of skewedness of distribution to the minimum amongst the member states of the Fund and also to minimize the direct financial effect on member states. In this regards, each member state contribution is less than 0.625 per cent of its 9 years average annual GDP. The burden of payment is further reduced by the annual installment where each member state pays about 25 per cent of its required paid-up capital annually.

Authorized Share Capital is determined taking into account the annual balance of payment average deficit/surplus during 2000 and 2008 period, evaluated to US\$30.19bn. Required Callable Share Capital and paid-up capital are determined as in the Table below.

Average BOP (a)	30.19
Authorized Capital (75% of (a)) (b)	22.64
Callable Capital (50% of b) '(c)	11.32
Total Required Paid-up Capital (50% of c) '(d)	5.66

VERSION 2014-05-12

DRAFT AFRICAN UNION CONVENTION ON CYBER-SECURITY AND PERSONAL DATA PROTECTION

PREAMBLE

The Member States of the African Union:

Guided by the Constitutive Act of the African Union adopted in 2000;

Considering that this Convention on the Establishment of a Legal Framework for **Cyber-security and Personal Data Protection** embodies the existing commitments of African Union Member States at sub-regional, regional and international levels to build the Information Society,

Recalling that it aims at defining the objectives and broad orientations of the Information Society in Africa and strengthening existing legislations on Information and Communication Technologies (ICTs) of Member States and the Regional Economic Communities (RECs);

Reaffirming the commitment of Member States to fundamental freedoms and human and peoples' rights contained in the declarations, conventions and other instruments adopted within the framework of the African Union and the United Nations;

Considering that the establishment of a regulatory framework on cyber-security and personal data protection takes into account the requirements of respect for the rights of citizens, guaranteed under the fundamental texts of domestic law and protected by international human rights Conventions and Treaties, particularly the African Charter on Human and Peoples' Rights;

Mindful of the need to mobilize all public and private actors (States, local communities, private sector enterprises, civil society organizations, the media, training and research institutions, etc.) for the promotion of cyber security;

Reiterating the principles of the African Information Society Initiative (AISI) and the Regional Action Plan on the Knowledge Economy (ARAPKE);

Aware that it is meant to regulate a particularly evolving technological domain, and with a view to meeting the high expectations of many actors with often divergent interests, **this convention** sets forth the security rules essential for establishing a credible digital space for electronic transactions, personal data protection and combating cybercrime;

Bearing in mind that the major **obstacles** to the development of electronic commerce in Africa are linked to security issues, particularly:

- The gaps affecting the regulation of legal recognition of data communications and electronic signature;

- The absence of specific legal rules that protect consumers, intellectual property rights, personal data and information systems;
- The absence of e-services and telecommuting legislations;
- The application of electronic techniques to commercial and administrative acts;
- The probative elements introduced by digital techniques (time stamping, certification, etc.);
- The rules applicable to cryptology devices and services;
- The oversight of on-line advertising;
- The absence of appropriate fiscal and customs legislations for electronic commerce;

Convinced that the afore-listed observations justify the call for the establishment of an appropriate normative framework consistent with the African legal, cultural, economic and social environment; and that the objective of this Convention is therefore to provide the necessary security and legal framework for the emergence of the knowledge economy in Africa;

Stressing that at another level, the protection of personal data and private life constitutes a major challenge to the Information Society for governments as well as other stakeholders; and that such protection requires a balance between the use of information and communication technologies and the protection of the privacy of citizens in their daily or professional lives, while guaranteeing the free flow of information;

Concerned by the urgent need to establish a mechanism to address the dangers and risks deriving from the use of electronic data and individual records, with a view to respecting privacy and freedoms while enhancing the promotion and development of ICTs in Member States of the African Union;

Considering that the goal of this Convention is to address the need for harmonized legislation in the area of cyber security in Member States of the African Union, and to establish in each State party a mechanism capable of combating violations of privacy that may be generated by personal data collection, processing, transmission, storage and use; that by proposing a type of institutional basis, the Convention guarantees that whatever form of processing is used shall respect the basic freedoms and rights of individuals while also taking into account the prerogatives of States, the rights of local communities and the interests of businesses; and take on board internationally recognized best practices;

Considering that the protection under criminal law of the system of values of the information society is a necessity prompted by security considerations; that is reflected primarily by the need for appropriate criminal legislation in the fight against cybercrime in general, and money laundering in particular;

Aware of the need, given the current state of cybercrime which constitutes a real threat to the security of computer networks and the development of the Information Society in Africa, to define broad guidelines of the strategy for the repression of cybercrime in

Member States of the African Union, taking into account their existing commitments at sub-regional, regional and international levels;

Considering that this Convention seeks, in terms of substantive criminal law, to modernize instruments for the repression of cybercrime by formulating a policy for the adoption of new offences specific to ICTs, and aligning certain offences, sanctions and criminal liability systems in force in Member States with the ICT environment;

Considering further that in terms of criminal procedural law, the Convention defines the framework for the adaptation of standard proceedings concerning information and telecommunication technologies and spells out the conditions for instituting proceedings specific to cybercrime;

Recalling Decision Assembly/AU/Decl.1(XIV) of the Fourteenth Ordinary Session of the Assembly of Heads of State and Government of the African Union on Information and Communication Technologies in Africa: Challenges and Prospects for Development, held in Addis Ababa, Ethiopia from 31 January to 2 February 2010;
