**REPORT OF THE COMMISSION ON THE IMPLEMENTATION OF
PREVIOUS DECISIONS OF THE EXECUTIVE COUNCIL
AND THE ASSEMBLY**

**REPORT ON IMPLEMENTATION OF PREVIOUS DECISIONS OF
THE EXECUTIVE COUNCIL AND THE ASSEMBLY
ADDIS ABABA, ETHIOPIA**

I. INTRODUCTION

1. This report is submitted in compliance with Decision [Assembly/AU/Dec.318 (XV)], adopted by the 15th Ordinary Session of the Assembly held in Kampala, Uganda in July 2010, and in line with the Conclusions of the PRC/Commission Retreat held from 31st March to 2nd April 2011, in Nazareth, Ethiopia, requesting the Commission to submit a Report on the implementation of previous Decisions of the Executive Council and the Assembly, which gives an account of actions taken and challenges encountered. The total number of Decisions being reported on by the Commission is **thirty four (34)** of which **thirteen (15)** are Executive Council and **eighteen (19)** are Assembly.

2. Of the 34 decisions, seven (7) were fully implemented, seventeen (17) were partially implemented, six (6) were not implemented and the remaining four (4) were not responded to.

II. General observations

a) Number of decisions

3. Effective January 2015, the number of decisions taken has been reduced drastically, though the implementation remains a big problem/challenge. It should be noted that as much as the Commission fairly reports on the implementation of decisions under its areas of competence, most of decisions under the competence of Member States are not reported to due to lack of feedback on their part.

III. Constraints in the implementation of decisions

4. The constraints encountered by the Commission are reflected upon under the Matrix by the concerned Departments. These pertains mainly on lack of adequate funding which is a persistent problem,. It should also be noted that insufficient level of planning and coordination with all concerned actors and stakeholders impede the smooth implementation of decisions. Moreover, some decisions are still submitted and adopted without a proper evaluation of legal, structural, administrative, technical and financial implications, which make the actual implementation difficult on the ground.

IV. Recommendations and way forward:

5. As in the previous reports, both the Member States are called upon to ensure strict scrutiny of any decision tabled so as to achieve the recommendations made at several times by the AUC/PRC Retreats and as endorsed in particular in Decision

EX.CL/Dec.650(XIX) taken in Malabo at the 17th Ordinary Session of the Assembly of the Union. In this regard, the following actions are reminded:

- i) Proper scrutiny should be made at all levels of the legal, structural, financial, technical and material implications, including the delivery capacity on the ground, prior to the adoption of any decision. Draft decisions that do not clearly indicate the cost and source of funding should be rejected;
- ii) For items proposed by Member States, the latter should , for the sake of consistency and duplication avoidance, liaise with the Commission to evaluate the existing decisions in the area of concern and the legal, structural and financial implications prior to submission of the item for inclusion in the agenda of the Assembly;
- iii) Funds should be released on time where the source of funding has been identified to facilitate implementation;
- iv) Member States should endeavour to provide and in a timely manner, their inputs to the report on implementation of previous decisions to facilitate the production of a consolidated report;
- v) A comprehensive framework should be developed on the monitoring, evaluation and reporting on implementation of decisions made by AU Policy organs.

RESOLUTION ON CHAGOS ARCHIPELAGO

Explanatory Note from the Government of the Republic of Mauritius

1. The Chagos Archipelago, including Diego Garcia, forms an integral part of the territory of the Republic of Mauritius under both Mauritian law and international law. However, the Republic of Mauritius is being prevented from effectively exercising its sovereignty over the Chagos Archipelago because of the *de facto* and unlawful control of the United Kingdom over the Archipelago.
2. The Chagos Archipelago was illegally excised by the United Kingdom from the territory of Mauritius prior to its accession to independence, in blatant violation of international law and United Nations General Assembly Resolutions 1514 (XV) of 14 December 1960, 2066 (XX) of 16 December 1965, 2232 (XXI) of 20 December 1966 and 2357 (XXII) of 19 December 1967.
3. Paragraph 6 of UN General Assembly Resolution 1514 (XV) stipulates that "*Any attempt aimed at the partial or total disruption of the national unity and the territorial integrity of a country is incompatible with the purposes and principles of the Charter of the United Nations*".
4. In Resolution 2066 (XX), the UN General Assembly reaffirmed the inalienable right of the people of the Territory of Mauritius to freedom and independence in accordance with UN General Assembly Resolution 1514 (XV) and called upon the British Government to take no action which would dismember the Territory of Mauritius and violate its territorial integrity.
5. As long as part of the territory of the Republic of Mauritius remains under colonial rule, the decolonization of Africa will not be complete.
6. The Republic of Mauritius has consistently protested against the illegal excision of the Chagos Archipelago and pressed for the early and unconditional return of the Archipelago to its effective control. For the Republic of Mauritius, its sovereignty over the Chagos Archipelago is non-negotiable.
7. On 18 March 2015, the Arbitral Tribunal set up in the case brought by the Republic of Mauritius against the United Kingdom under the United Nations Convention on the Law of the Sea (UNCLOS) to challenge the legality of the 'marine protected area' ('MPA') purportedly established by the United Kingdom around the Chagos Archipelago held that in establishing the 'MPA', the United Kingdom violated international law.
8. Two of the arbitrators sitting on the Arbitral Tribunal, namely Judge Kateka and Judge Wolfrum, ruled that the United Kingdom is not the "coastal State" in relation to the Chagos Archipelago. This unequivocal affirmation by Judges Kateka and Wolfrum of

the sovereignty of the Republic of Mauritius over the Chagos Archipelago is a historic ruling not only for the Republic of Mauritius, but also for the African Union.

9. The Government of the Republic of Mauritius remains deeply grateful that the OAU/AU has always recognized the sovereignty of the Republic of Mauritius over the Chagos Archipelago and supported the Republic of Mauritius in its pursuit to effectively exercise its sovereignty over the Chagos Archipelago, as amply demonstrated by various Decisions/Resolutions/Declarations adopted by previous OAU/AU Summits and the Third Africa-South America Summit held in February 2013 in Malabo, Equatorial Guinea.

10. In view of the foregoing, the Government of the Republic of Mauritius hereby requests the esteemed Member States of the African Union to adopt, at the forthcoming AU Summit scheduled for 14-15 June 2015 in Johannesburg, a Resolution reaffirming the support of the African Union to the Republic of Mauritius in its pursuit to effectively exercise its sovereignty over the Chagos Archipelago, including Diego Garcia.

11. A draft Resolution is proposed for the consideration of AU Member States. The Government of the Republic of Mauritius trusts that AU Member States shall, as per established practice, favourably entertain its request, as a continued expression of solidarity with the Republic of Mauritius and of the need for international law to be respected.
