AND DECENTRALIZATION, BRAZZAVILLE,

**REPORT OF THE FIRST ORDINARY SESSION OF THE AFRICAN UNION
SPECIALIZED TECHNICAL COMMITTEE ON PUBLIC SERVICE, LOCAL
GOVERNMENT, URBAN DEVELOPMENT AND DECENTRALIZATION,
BRAZZAVILLE, REPUBLIC OF CONGO, 24-26 NOVEMBER 2014**

I. BACKGROUND

1. In line with the configuration of the AU-STC, the following three African Union ministerial conferences, the Conference of Ministers for Public/Civil Service (AU-CAMPS), the African Union Ministerial Conference on Decentralization and Local Development (AMCOD), and the African Ministerial Conference of Housing and Urban Development, (AMCHUD) were merged and named the AU-STC on Public Service, Local Government, Urban Development and Decentralization; out of these three STCs, only two were supervised and managed by the African Union Commission. The third ministerial conference- AMCHUD, was managed by the AMCHUD Conference and Bureau with technical support from the United Nations-Habitat.

2. In November 2013, when the third extraordinary conference of Ministers of the African Union on Decentralization and Local Development (AMCOD) took place in Dakar, Republic of Senegal, the operationalization of the AU-STC was part of the agenda and it was extensively discussed and clarifications were provided by some members of the African Union (AU) Permanent Representatives Committee (PRC) on the rationale behind the transformation of the ministerial conferences into STCs.

3. In addition, the Department of the Political Affairs of the African Union also organised another meeting on the operationalization of the AU-STC on 6-7 December, 2013, in Lome, Republic of Togo. The event brought together technical experts from the AU-CAMPS and AMCOD. The AMCHUD was not represented at this meeting because it was not operating under the AU governance architecture but its interest were put into consideration during the deliberation. The outcomes of the meeting also have significant implications on the operationalization of the AU-STC.

4. Furthermore, on 18-20 August 2014, the Secretariat of the AU-STC facilitated another three-day stakeholders technical consultative planning meeting on operationalization of the AU-STC on Public Service, Local Government, Urban Development and Decentralization in Addis Ababa, Ethiopia. This time around, the meeting brought together for the first time the three African Ministerial Conferences, namely the Conference of African Ministers of Public/Civil Service (AU-CAMPS), the Africa Ministerial Conference on Decentralization and Local Development (AMCOD), and the African Ministerial Conference on Housing and Urban Development (AMCHUD). In all, twelve (12) AU- Member States of the African Union (Republic of Benin, Republic of Congo, Republic of Cameroon, Republic of Ghana, Republic of Kenya, Republic of Madagascar, Republic of Namibia, Republic of Nigeria, Republic of South Africa, Republic of Sudan, Republic of Chad, Republic of Uganda, and Republic of Zambia), attended the meeting. Participants included ministers and technical experts from the three erstwhile Ministerial conferences. The Meeting was also attended by the following African based institutions and international development Agencies- the African Association for Public Administration and Management (AAPAM), the UN Habitat and the United Nations Development Programme (UNDP).

XII. PROPOSED SECRETARIAT ORGANOGRAM FOR THE AU-STC ON PUBLIC SERVICE, LOCAL GOVERNMENT, URBAN DEVELOPMENT AND DECENTRALIZATION

XIII. CHALLENGES AND IMPLICATIONS OF OPERATIONALIZATION OF THE AU-STC ON AU

13. The representatives of the AU-Member States present at the First Ordinary Session of the STC have concluded that the African Union should shoulder the financial responsibility of the STCs as Member States cannot pay their annual dues to the AU and contribute again in support of the programmes and activities of the AU-STC.

14. The staff of the AU-STC Sub-Committees on Decentralization and Local Governance and that of the Urban Development, Housing and Human Settlements have not been integrated into the African Union governance architecture and their salaries are currently either covered by seconding member states or drawn from the past contribution from AU-Member States.

15. The Department of Political Affairs currently has the following limited staff working at the Secretariat of the STC on Public Service, Local Government, Urban Development and Decentralization ((1) Political Officer, (1) Governance Assistant and, (1) Admin Secretary).

XIV. CONCLUSION
