3. **Reiterates its deep appreciation** to ECOWAS for the crucial role it played in support of the process of ending the crisis in Guinea-Bissau. In this regard, Council **pays tribute** to Presidents Alassane Dramane Ouattara, Goodluck Jonathan and John Dramani Mahama, as well as to the President of the ECOWAS Commission, Kadré Désiré Ouedraogo, for their personal involvement in the efforts to successfully implement the transition process;
4. **Also expresses its appreciation** to the Community of Portuguese Speaking Countries (CPLP), the European Union (EU), the International Organization of *La Francophonie* (OIF), the United Nations and the concerned bilateral partners for their sustained support to the process of ending the crisis. Council **congratulates** the Commission and the Special Representative of the Chairperson of the Commission on their active contribution to the successful completion of the transition;
5. **Welcomes** the positive developments in the situation in Guinea-Bissau, in particular the successful holding, on 13 April and 18 May 2014, of the two rounds of the presidential election, as well as the organization of the legislative elections;
6. **Notes with satisfaction** that the electoral process was recognized to have been inclusive, free and fair and credible by the various election observation missions, including that of the AU, led by former President Joachim Chissano of Mozambique. In this regard, Council **expresses its appreciation** to the people, as well as to all the political institutions and actors of Guinea-Bissau, for the smooth and peaceful conduct of the elections and for the completion of the transition process. Council **also commends** former President Joachim Chissano for the critical role he played during the elections, in particular in the aftermath of the second round of the presidential election;

7. **Takes note** of the proclamation by the National Electoral Commission (CNE) of Guinea-Bissau, on 19 May 2014, of the final results of the 2<sup>nd</sup> round of the presidential election, **congratulates** Mr. Jose Mario Vaz on his election as the new President of the Republic of Guinea-Bissau and **expresses its appreciation** to Mr. Nunu Gomes Nabian for having recognized the victory of his opponent;

Council **also appeals** to other concerned members of the international community to lift any sanction imposed on Guinea-Bissau;

9. **Encourages** the new President of the Republic of Guinea-Bissau and all the Bissau-Guinean stakeholders to work closely together, within the framework of the democratic institutions of the country, to consolidate the important achievements made. In this regard, Council **stresses the urgency** of sustained action to address the many challenges facing Guinea-Bissau, especially the promotion of national reconciliation and good governance, including the management of the natural resources of the country, observance of human rights, the fight against impunity and drug trafficking, security sector reform and socio-economic development;

10. **Urges** the armed forces to break definitively with the past practices of interference in the management of the country, and **stresses** the duty of loyalty, which is incumbent upon them, to the civilian authorities democratically-elected and their subordination to the political authorities;

11. **Appeals urgently** to the international community to continue and enhance its support to Guinea-Bissau, including through the early resumption of development cooperation and assistance to Guinea-Bissau. In this regard, Council **urges** the Member States in a position to do so and the international bilateral and multilateral partners to seize the opportunity of the Donors' Round Table, scheduled for the end of 2014, to provide to Guinea-Bissau the necessary financial and economic support;

12. **Requests** the Commission to take all necessary steps to mobilize, from within the continent, adequate support for Guinea-Bissau, including through the inclusion of this country on the list of States to benefit from the African Solidarity Initiative and continued facilitation of coordination among the relevant international organizations, particularly through regular joint assessment missions as a follow-up to those undertaken in December 2012 and July 2013;

13. **Decides** to remain actively seized of the matter.
