PRESS RELEASE

THE AFRICAN UNION REITERATES ITS CONCERN ABOUT THE SITUATION IN BURUNDI

Addis Ababa, 4 November 2015: The Chairperson of the Commission of the African Union (AU), Dr. Nkosazana Dlamini-Zuma, reiterates the AU's deep concern about the situation obtaining in Burundi. She notes the continuation of acts of violence and the increase of statements that are likely to further aggravate the current situation and create conditions for more instability, with devastating consequences for Burundi and the whole region. She expresses the AU's strong condemnation of all acts of violence and violations of human rights, as well as of all statements that can inflame the situation.

Against this background, the Chairperson of the Commission reminds all concerned Burundian stakeholders that the AU Peace and Security Council (PSC), at its 551st meeting, held on 17 October 2015, decided, in support of the efforts aimed at finding an early and consensual solution to the crisis facing Burundi, to impose targeted sanctions against all Burundian actors whose action and statements contribute to the persistence of violence and impede the search for a solution.

The Chairperson of the Commission stresses, once again, that only an inclusive dialogue, bringing together all Burundian stakeholders, will enable Burundi to overcome the serious prevailing challenges and prevent the situation from totally undermining the gains made since the signing of the Arusha Agreement for Peace and Reconciliation. She urges the Burundian authorities and other concerned actors to demonstrate the sense of responsibility that the situation demands and to place the interests of the Burundian people above any other consideration.

The Chairperson of the Commission reiterates the AU's support to the mediation efforts led by President Yoweri Museveni of Uganda, on behalf of the East African Community (EAC), and urges the Government of Burundi and all the other concerned stakeholders to lend him their full cooperation.
