PROGRAMMES AND ACTIVITIES

1. In accordance with Article II of the Constitution and the spirit of the Organization of African Unity, the Association for the Advancement of Agricultural Sciences in Africa (AAASA) shall undertake these programmes and activities.
2. The Association shall insure the implementation of the recommendations of the Abidjan Conference on Agricultural Research Priorities for Economic Development in Africa in consultation with the Organization of African Unity, Scientific, Technical and Research Commission.
3. The First General Conference and Assembly of the Association shall be held at Africa Hall in Addis Ababa, Ethiopia, in August/September, 1971. The General Assembly shall decide on all future venues of Conferences.

4. The Association for the Advancement of Agricultural Sciences in Africa shall organize Scientific meetings and working parties on precise and specialised subjects to be selected and discussed in depth in terms of methodology and results and which are of particular relevance to the development of different African countries.
5. The Association shall also collaborate with and adhere to other Scientific and International, Organizations, Associations or Agencies to organize meetings and symposiums in Africa.
6. The Association for the Advancement of Agricultural Sciences in Africa shall study the most effective and efficient ways of accelerating the training of African specialist scientific personnel.
7. The Association for the Advancement of Agricultural Sciences in Africa shall publish various types of Scientific publications. These publications shall include the Journal of the Association, Proceedings of Scientific meetings and symposiums, bilingual bibliography of African agriculture and abstracts which may assist in achieving the objectives proposed.
8. The Association for the Advancement of Agricultural Sciences in Africa shall assist African research Workers to publish their scientific manuscripts under the auspices of the Association in order to allow members to exchange experience in the field of Agricultural research through publications.
